70ft Crane Boat

Purpose built 70ft crane boat for lifting and replacing narrow beam lock gates. The crane is remote controlled 20tonne metre Atlas crane with a maximum lift of 3.5t at 4.5 m and a maximum reach of 870kgs at 14.6 m. Hold space allows lock gates or other materials to be carried to site. It is a powered craft making it ideal to not only lift your gates in, but to transport them to site. This craft has full LOLER certification and the remote control removes the need for any personnel to be on the boat whilst lifting operations are taking place. It also has full stability calculations.*
